

Big Brothers Big Sisters of Metro Milwaukee's mission is to develop strong one-to-one mentoring relationships. We provide professionally supported mentoring services to youth facing adversity in Milwaukee and Waukesha counties. Our programming and our dedicated mentors empower youth to reach their full potential.

## MENTORING OPTIONS

In each of our mentoring options, volunteers make a commitment to mentoring youth through consistent engagement and building a meaningful relationship.

### COMMUNITY-BASED MENTORING

- ❖ Get matched with a Little in your area and meet 2-4 times per month throughout the community.
- ❖ We plan and host several monthly events for matches to attend.
- ❖ Focus on positive youth outcomes while Littles experience fun & educational activities, build confidence, and gain new perspectives.

### MENTOR2.0 PROGRAM

- ❖ Get matched with a high school student from a partner school, interact weekly through an online curriculum and meet monthly.
- ❖ This is a great option for working professionals with limited spare time.
- ❖ Focus on college or career readiness and success.

### SCHOOL-BASED MENTORING

- ❖ Get matched with an elementary or middle school student, meet weekly at a partner school in Milwaukee or Waukesha County.
- ❖ Daytime schedule works well for college students and retirees.
- ❖ Focus on educational success and enjoy school-based activities.
